

to whom it may concern

RECOMMENDATION

October 08, 2018
Vilnius

UAB “KELUVA” is AKSOUND Sp.z o.o. Sp. K partner and representative in the Baltic States for more than 3 years. Together we accomplished several acoustic wall projects in Lithuania and Estonia. One of the largest projects carried out in 2018 together with AKSOUND Sp.z o.o. Sp. K was the supply of acoustic elements with 8 mm polycarbonate glass sheets to the reconstruction of Via Baltica Highway. The project was successfully completed by delivering to contractors 6250 square meters of acoustic elements which met all the acoustic, fire, strength resistance and other requirements of the project.

We appreciate the cooperation with AKSOUND Sp.z o.o. Sp. K, as working together we were a lot of times convinced of their responsibility and reliability. The company's management competency, strict adherence to EU standards, and professionalism in technical issues are the most impressed. All of this ensures the quality of products and the timely execution of orders.

Without the slightest doubt, we recommend AKSOUND Sp.z o.o. Sp. K to all our friends and partners.
